District 42B

*Roll Call* is Maryland's only non-partisan report card on how Maryland's General Assembly voted on issues important to creating jobs in Maryland. Holding elected officials accountable for Maryland's economic development climate, MBRG has been publishing Roll Call for over a quarter of a century. Votes included in Roll Call are selected by a non-partisan State Advisory Council, representing a broad spectrum of industries essential to a robust economy. The issues selected to be included are those that are fundamental to job creation and promoting a healthy business climate in Maryland.
